LYNCH POINT IMPROVEMENT ASSOCIATION BULLETIN

The Improvement Association continues to have monthly meetings to plan upcoming events, discuss community issues, and hopefully further the goals of Lynch Point residents and our neighborhood. The next meeting for the Lynch Point Improvement Association will be held on Thursday, May 8, 2003. We have moved our meetings back to the building on the Playground. Hopefully, this will be more convenient for community members and will increase our attendance.

As most of you are probably already aware, the first phase of our new playground on River Drive Road has been installed and looks absolutely fantastic. We hope the new equipment will provide many years of enjoyment for our neighborhood children. There was a considerable outlay of money and volunteered time to install the new equipment, therefore, we all need to **PROTECT** the **COMMUNITY'S INVESTMENT**. If anyone witnesses someone vandalizing the playground, it should be immediately reported to the police at 410-887-2222.

We have received approval for another \$10,000 grant from Baltimore County in order to proceed with the second phase of the playground. Even with the grant money, we are approximately \$2,000 short of our goal to complete the playground. If you have not yet donated to the playground project or if you would like to increase your previous donation, please send your contribution made payable to the Lynch Point Improvement Association to 7215 River Drive Road. After the final phase of the playground is complete, we will be holding an official ribbon cutting and dedication ceremony thanking the many people and companies who contributed to our wonderful new playground.

After recent snowfalls, some individuals have taken ATV's onto the Ball Field on Grace Road. This activity should stop as it has caused damage to the field. For everyone's safety and for the protection of our property, please stop riding ATV's on the Ball Field.

The Lynch Point Improvement Association now has an Internet Web Site. Go to www.MyEdgemere.com and click on the "Groups" button. You'll find the Association web site there with several of our recent projects and newsletters. In the future, we hope to use our site to disseminate information to the community and our membership, publicize our fundraisers, and increase awareness about the great community in which we live. If you would like to be added to a private electronic mailing list to receive information and updates as they happen, email info@MyEdgemere.com, or call (410) 477-4388, and leave your email address. This web site is being provided free of charge as a service to the community.

Anyone with questions, concerns, or the desire to volunteer should attend our next meeting. Your input and help is vital and necessary for our continued existence. Again, please note the next meeting will be held on Thursday, May 8th, in the building on the Lynch Point Playground.

WE HOPE TO SEE YOU ON MAY 8, 2003 AT 7:00 pm
